DIAGRAM

Route 5/15 north post exit 91 in East Hartford

NARRATIVE

Officers Narrative: Describe any unusual circumstances associated with the crash, including officer's observations. Refer to each by motor vehicle number and/or non-motorist number.

PHYSICAL EVIDENCE: Upon arrival I observed Veh #1 in the right shoulder. Veh #1 sustained severe visible damage to the front end. Traffic was light, the roadway was wet due to rainfall, and the roadway was illuminated by street lamps.
Veh #1 was traveling in the left lane on Route 5/15 north. The front of Veh #1 collided with the concrete jersey barrier on the left shoulder. The area where the collision occurred was a two lane limited access highway with a curve to the left in the roadway and concrete jersey barriers on the left and right shoulders in East Hartford.
OPERATOR #1 explained the following: he was traveling in the left lane on Route 5/15 north. He lost control because the road was wet and crashed in the barrier. No reported injuries.
CONCLUSION: Based upon my investigation, operator statements, and physical evidence I found Op #1 at fault for the collision. Op #1 was traveling too fast for conditions on a curve during wet road conditions and subsequently lost control crashing into the jersey barrier. Op #1 received an infraction for Traveling Too Fast For Conditions under CGS 14-218.
Vehicle 1 was towed due to damages.

Vehicles were moved prior to police arrival
