

CT Local Traffic Authority Program

On June 26, 2023, Governor Ned Lamont signed Senate Bill 904. Section 5 of the bill requires Local Traffic Authorities (LTAs) or their designee to attend a training course annually, through the T2 Center, to provide them with critical knowledge and skills to better serve in this important role.

Have you taken the Local Traffic Authority 101 class?

You can take classes in our LTA Certificate Program to satisfy the annual training requirement!

Local Traffic Authority 101 is required of all LTAs (or their designee) and is offered free of charge.

Fundamentals of Analyzing and Solving Local Traffic Problems

Where and When to Use Traffic Signs, Signals, and Markings

LTA Elective Classes

Find upcoming classes on our [workshop schedule](#) and register for a session!
