## Training and Events

### Work Zone Safety

A CT Road Master Program *REQUIRED* Workshop

In this workshop, participants will learn about Section 6 of the MUTCD (Manual on Uniform Traffic Control Devices) and proper temporary traffic control plans. Using the “Guidelines of Temporary Traffic Control in Work Zones,” participants will work to put concepts into practice. Proper flagging techniques will also be reviewed.

### Who Should Attend

This program is designed for any state of local personnel who are involved in street and utility construction and maintenance on local roads.

Road Foreman, Crew Leaders, Highway Superintendents and Directors of Public Works are encouraged to attend.

### Course Instructor

**Adam Drummond** is the President of National Safety Services, LLC. He is responsible for development and delivery of National Safety Services’ programs nationally, including environmental, health and safety training. Adam has over 25 years experience in safety training, consulting and products industry. He has designed more than 75 individual training programs for safety and environmental applications.

*“Adam by far knows his stuff. Every class he does, he goes above and beyond.”*

- Road Master Program Participant

### Dates & Locations
