All About Asphalt

A CT Road Master Program *REQUIRED* Workshop

In this workshop, participants will learn about selection of materials for construction, maintenance and reconstruction of pavements; the various maintenance treatments and conditions under which they should be used and how to identify the various distress types and their causes.

Please note: These are socially distant sessions. All state and university COVID-19 precautions will be followed.

Who Should Attend

This program is designed for those who have responsibility for the construction and maintenance of local roads.

Highway Superintendents, Road Foremen, Crew Leaders, Directors of Public Works and Town Engineers are encouraged to attend.

Course Instructor

James Mahoney is the Associate Program Director of the Connecticut Transportation Institute and the Executive Program Director of the Connecticut Advanced Pavement Laboratory (CAP Lab) at the University of Connecticut. Jim has over 25 years experience in pavement materials research and design. He received his Master's degree from the University of Connecticut in 1995 and has been with the CAP Lab since that time.

"Great class. Teacher very knowledgeable and obviously enjoys his trade"

- Road Master Program Participant

Dates & Locations

March 29, 2022

Southbury, CT

March 30, 2022

Stafford, CT

Session is 8:30am—3:30pm
