## Training and Events

### Expecting an Inspection—Getting Ready for OSHA

A CT Road Scholar Program *ELECTIVE Workshop*

Workplace safety is a key priority for all public works departments. This class focuses on how to manage those hazards inherent to public works facilities and how to be prepared for an OSHA Inspection. A facility walk-through exercise will be conducted to demonstrate a typical inspection process.

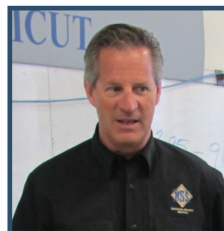

**Please note: These are socially distant sessions. All state and university COVID-19 precautions will be followed.**

### Who Should Attend

This course is designed for those responsible for the management of public works facilities. Directors of Public Works, Highway Superintendents, Fleet Managers and Foremen are encouraged to attend.

### Course Instructor

**Adam Drummond** is the President of National Safety Services, LLC. He is responsible for development and delivery of National Safety Services' programs nationally, including environmental, health and safety training. Adam has over 25 years experience in safety training, consulting and products industry. He has designed more than 75 individual training programs for safety and environmental applications.

### Dates & Locations

**May 24, 2022**

Waterbury, CT

**May 25, 2022**

Manchester, CT

Session is 8:30am—3:00pm  
**(Registration begins at 8:00am)**  
Lunch will NOT be provided, please bring a bag lunch.

### Learning Objectives

At the end of this session, participants will be able to:

- Identify the hazards typically found in public works facilities.
- Discuss the steps involved in the inspection process, review of work facilities and methods for compliance with OSHA.
- Discuss the scope of the OSHA inspection process and requirements for record keeping.
- Describe how to request participation in the municipal consultation program.
