# A Connecticut Road Scholar Program ELECTIVE Workshop

## CT Green Snow Pro for Roadways

Sustainability in Winter Operations is more important than ever. With environmental impacts increasing and budgets continuing to decline, winter maintenance professionals must employ best practices to minimize salt use and maximize their operations for both fiscal and environmental stewardship. This class focuses on those best practices for salt application and maintaining facilities and equipment. Instructors use demonstrations and case studies to illustrate the positive impact these strategies can have on your community and operations.

**Session is 8:30am - 3:00pm**

**Registration begins at 8:00am**

**Lunch will be provided**
