UNIVERSITY OF CONNECTICUT

# A Connecticut Safety Academy Workshop

## Signs and Lines Installation and Maintenance

This workshop is geared to municipal staff responsible for the placement, maintenance, and management of traffic signs, pavement markings and their associated inventories. The course will include examples of proper sign installation practices, roadway safety materials and inspection methods of retro-reflectivity properties. Attendees will learn about the evolution of pavement markings, MUTCD requirements, science behind the optics, as well as the different types of pavement markings, and how to inspect them. The class includes a field exercise that will allow participants to put into practice what is learned during the classroom portion of the workshop.

**Session is 8:30am - 3:00pm**

**Registration begins at 8:00am**

**Lunch will be provided**

**6 Credit Hours - CT Safety  
Champion Designation**

**May 6, 2025  
Windsor, CT**
