UNIVERSITY OF CONNECTICUT

A CT Safety Academy and A CT Local Traffic Authority Elective Workshop

Speed Management — Developing and Using Your Toolkit

At this workshop we will discuss roadway design and its relation to speed, setting speed limits, data and speed analyses, and the benefits of a comprehensive speed management program. In addition, the course will include a hands-on interactive approach to speed management through several local case studies, integrating both completed and proposed projects discussing speed limit setting and alternative design implications. This course is funded through a special grant from the CT Department of Transportation.
