UNIVERSITY OF CONNECTICUT

A Connecticut Road Master Program REQUIRED Workshop

Basics of a Good Road

Roads in Connecticut are handling more and more traffic and road budgets are shrinking. To make the most of what we have, we need to understand what is necessary to keep roads in good shape and how to fix those roads that have seen better days. This workshop focuses on what Connecticut's road crews can do to maintain their road systems, identify distresses and keep their roads in the best shape possible.
