State of Practice Roundtable: Drones in Public Works

A CT Road Scholar Program *ELECTIVE Workshop*

From analyzing traffic patterns to repairing water mains, from inspecting bridges to managing and tracking condition of assets, Connecticut's public works community is finding ways to make the most of drones. Join us for this roundtable discussion where representatives from CT agencies will share their experiences and lessons learned. In addition, we will have the DOT Drone Team and local industry experts on hand to share best practices on developing a program to coordinate your drone usage and identify the latest technology trends.

There will also be a "show and tell" session so be sure to bring your drone if you have one. If the weather is right, we will include demonstrations and an opportunity to see some of the different technology in use.

Date & Location

November 10, 2022
Rocky Hill, CT

Session is 8:30am—12:30pm
(Registration begins at 8:00am)
Morning refreshments will
be provided.

*Please note: All state and UConn
COVID-19 precautions will be
followed.*

Who Should Attend

This course is for any public works professionals that are interested in learning more about how they can incorporate drones into their operations. Directors of Public Works, Town Engineers and technical staff are encouraged to attend.

Panelists

Jason Otrin, Owner - On Course Drones, a drone training and services company with experience working with law enforcement, state agencies and many businesses.

Jennifer Yoxall, P.L.L.C., is an attorney who has represented municipalities for nearly 30 years, providing advice on land use, general municipal matters, and, most recently, focusing on the laws that apply to municipal use of drones, including FAA and NTSB regulations. Jen is an instrument-rated private pilot with over 25 years of experience, and co-founder of the Connecticut Municipal UAV Task Force.

Vitalij V. Staroverov, P.E., Project Manager - Highway Design, Local Roads, Connecticut Department of Transportation

Robert Barone, Assistant Construction Manager, City of Danbury

Registration

- Please visit www.cti.uconn.edu/cti/T2_Workshop_Schedule.asp to register for this class online.
 - Please email any questions to Bethe Greene at bethany.greene@uconn.edu.
 - **Cost:**
 - \$100—State and Municipal participants
