

CT GREEN SNOW PRO

For Private Commercial Applicators
VIRTUAL TRAINING

**FREE
ONE-TIME ONLY**

Best practices for salt application and sustainable winter operations

SAVE MONEY, TIME AND THE ENVIRONMENT

Sustainability in winter operations is more important than ever. With environmental impacts and costs increasing, private commercial applicators must employ best practices to minimize salt use and maximize their operations for both fiscal and environmental stewardship.

This virtual training focuses on best practices for salt application on parking lots and sidewalks as well as maintenance of facilities and equipment. Demonstrations and case studies are used to illustrate the positive impact these strategies can have on the environment and your operations.

DATE & TIMES

December 1, 2022

Snow Date: December 8, 2022

8:30 am to 3:00 pm

(1 hour lunch break will be taken)

Note: You must participate in the entire session to receive credit for this course.

Who Should Attend:

This virtual course is designed for private applicators responsible for maintaining commercial and residential properties. If you are looking to streamline your operations by using less material and maximizing your time, join us for a day filled with tips and information on the latest technologies to help your daily operations.

Course Instructors:

James Mahoney is the Program Director of the Connecticut Advanced Pavement Laboratory (CAP Lab) at the University of Connecticut. Jim has over 20 years experience in pavement materials research and design. He received his Master's degree from the University of Connecticut in 1995 and has been with the CAP Lab since that time.

Bill Eyberse is the Lead Instructor of Signal 54 Training and has been teaching for the T2 Center since 2002. Bill has over 30 years of experience in transportation and snow fighting. He conducts training across the region on operational safety and winter maintenance topics.

Registration

Cost: FREE. The T2 Center is covering the subsidized registration fee for this session. The subsidized rate of \$100 for private commercial applicators is due to funding provided by the State of Connecticut Legislature to support the CT Green Snow Pro training.

Please visit www.cti.uconn.edu/cti/T2_Workshop_Schedule.asp to register for this class online.

Please email any questions to Bethel Greene at bethany.greene@uconn.edu.

Approximately one week prior to the class, you will receive an email confirmation of your attendance, along with instructions on how to log on to the webinar.

Cancellation/Refund Policy: The registration fee is refundable if notice of cancellation is received 48 hours prior to the start of the program. Registrants who are unable to attend and do not cancel in advance are subject to the registration fee. Substitutions may be made at any time. Please notify us of changes.

If you require an accommodation to participate in this training, please contact Bethel Greene at bethany.greene@uconn.edu.

Video/Photographs may be taken for promotional and training purposes. Please notify us during registration if you do not wish to be photographed/filmed.
