## Training and Events

### OSHA 10 Hour Roadway Construction Training

A CT Road Master Program *ELECTIVE Workshop*

This training program has been developed for the transportation construction industry and is focused on the problems and hazards faced by roadway construction workers. Visual content, case studies and participant activities are geared toward situations that roadway construction supervisors and workers are likely to encounter in their day-to-day activities.

### Dates & Location

**March 21 & 22, 2023**  
Rocky Hill, CT  
(2 Day Course)

**Both Days: 8:30am—3:00pm**  
(Registration begins at 8:00am)

Lunch will be provided.

*Please note: All state and university COVID-19 precautions will be followed.*

### Course Topics

This course addresses 11 key construction work zone related safety and health topics:

- Introduction to OSHA
- Roadway Work Zones
- Personal Protective Equipment
- Night Work
- Mechanized Equipment
- Collisions
- Electrical Safety
- Excavations and Trenching
- Confined Spaces
- Fall Prevention & Protection
- Occupational Health

### Who Should Attend

All levels of road construction and maintenance personnel are encouraged to attend. Each successful participants will be issued an OSHA 10-Hour Construction Outreach wallet card.

### Course Instructor

**Adam Drummond** is the President of National Safety Services, LLC. He is responsible for development and delivery of National Safety Services' programs nationally, including environmental, health and safety training. Adam has over 30 years of experience in safety training, consulting and the products industry. He has designed more than 75 individual training programs for safety and environmental applications.

*"Adam by far knows is stuff. Every class he does, he goes above and beyond."*

- Road Master Program Participant
