A Connecticut Safety Academy Workshop

Sign Installation & Maintenance

This workshop is geared to municipal staff responsible for the placement, maintenance, and management of traffic signs and inventory. The course will include examples of proper sign installation practices, roadway safety materials, and inspection methods of retro-reflectivity properties. The class includes a field exercise that will allow you to put into practice what is learned during the classroom portion of the workshop.

Session is 8:30am - 12:00pm

Registration begins at 8:00am

This class includes a field exercise
