## Training and Events

### Transportation Leadership Program's Kickoff Day with DiSC

A CT Transportation Leadership Program  
Cohort #9 REQUIRED Workshop

Congratulations on being accepted to Cohort Nine of the CT Transportation Leadership Program! We are excited to begin working with you on this professional development journey.

We are kicking it off with a day full of activities and learning. We will use DiSC to help you learn more about your personality and individual leadership style and spend some time in the morning assessing how this impacts how your team behaves. The afternoon will focus on the Leadership Program including expectations, requirements and structure as well as an opportunity to get to know each other and begin to network as a Cohort. We will also identify critical issues for you in your current roles and topics of interest for the future.

### DiSC Program Instructor

**Celeste Barros** is an educator, facilitator and coach whose work focuses on customized interactive learning programs designed to enhance and build management and leadership skills. Celeste has an active consultation business and also serves as the architect and lead instructor for the leadership and management development program for the staff at the University of Connecticut.

"Excellent program, I learned a lot of useful information! Celeste was very knowledgeable and her presentation was engaging."

- Transportation Leadership Program Cohort 6 Participant
