

# CT GREEN SNOW PRO

## For Private Commercial Applicators

Best practices for salt application and sustainable winter operations

## SAVE MONEY, TIME AND THE ENVIRONMENT

Sustainability in winter operations is more important than ever. With environmental impacts and costs increasing, private commercial applicators must employ best practices to minimize salt use and maximize their operations for both fiscal and environmental stewardship.

This class focuses on best practices for salt application on parking lots and sidewalks as well as maintenance of facilities and equipment. Demonstrations and case studies are used to illustrate the positive impact these strategies can have on the environment and your operations.
