Risk Management
A CT Road Scholar Program *REQUIRED Workshop*

This training program is designed to provide street and highway managers, supervisors and employees with a better understanding of risk management and how risk management practices can be adopted and effectively used by any community.

Public works examples and case studies will be used throughout the course and participants will walk away with tips on how to mitigate risk in their departments.

*Please note: These are socially distant sessions. All state and university COVID-19 precautions will be followed.*

**Who Should Attend**

This course is designed for those responsible for overseeing policy and procedure in their public works departments.

Chief Elected Officials, Safety Committee Members, Directors of Public Works, Town Managers, Fleet Managers, Highway Superintendents and Supervisors are encouraged to attend.

**Course Instructors**

**Joey Barbera, A.R.M.** is the Manager of Risk Management Services at CIRMA and has over 17 years of experience in municipal risk management.

**Ian Havens, A.R.M.** is the Risk Management Team Leader at CIRMA and has a background in actuarial science and public entity risk management.

**Dates & Locations**

**September 13, 2022**

Waterbury, CT

**September 14, 2022**

Hebron, CT

Session is 8:30am—3:30pm
(Registration begins at 8:00am)
Lunch will be provided.

**Learning Objectives**

Upon completion of this class, participants will be able to:

- Understand what risk is and why it is important to manage and control risk.
- Describe the components of an effective risk management program.
- Identify areas of liability for public works departments.
- Employ strategies for effectively managing risk.
