Complete Streets Strategies: Road Reconfiguration

*A Connecticut Safety Academy Workshop*

A Road Diet, sometimes called a road reconfiguration, is a type of roadway project that can improve safety for all users by reducing crash severity, reducing vehicle speeds, shortening pedestrian crossing distances, and creating space for bikeways, among other benefits.

This proven safety countermeasure is a tool that can be used as a part of your Complete Street’s strategies. This workshop will discuss the benefits of road diets and evaluate the right candidates for this approach.

Who Should Attend

The target audience for this training is Transportation Engineers and Planners, Directors of Public Works, Local Traffic Authorities (LTAs) and Regional Planning Agency Staff.

Upon completion of this workshop participants will receive 4 credit hours toward their Safety Champion designation.

Date & Time

March 16, 2022
Virtual Webinar
9:00am—3:00pm

Webinar Agenda

Morning Session
9:00am—11:00am

Break at 11:00am

Afternoon Session
1:00pm—3:00pm

Must participate in the entire webinar to receive credit.
Instructor Team

Federal Highway Administration (FHWA) Resource Center Safety & Design Team:

Peter Eun, Safety Engineer
Keith Sinclair, Senior Safety Engineer
Timothy Taylor, Senior Safety Engineer

By participating in this class, you will:

• Learn about the different types of Road Diets and why they work.
• Understand the characteristics that make Road Diets the right choice.
• Identify roads that are good candidates for Road Diets.
• Learn what segment and intersection design elements are affected by a Road Diet.

Registration

• Please visit www.cti.uconn.edu/ctiT2_Workshop_Schedule.asp to register for this class online.

• Registration Contact: Please direct any questions to Lisa Knight at lisa.knight@uconn.edu.

• Free. No registration fee is charged for this class. This training opportunity is offered by the Training & Technical Assistance Center’s Connecticut Safety Academy.

• Registrations will be accepted on a first come, first served basis.

• Approximately one week prior to the class, you will receive an email confirmation of your attendance, and information how to log on to the webinar.

• If you require an accommodation to participate in this workshop, please contact Lisa Knight at lisa.knight@uconn.edu.

• Photographs/Videos may be taken for promotional and training purposes. Please notify us during registration if you do not wish to be photographed/filmed.
