Emerging Traffic Signal Technologies and Hot Topics Roundtable

A CT Traffic Signal Technician Certificate
Program—Level II *ELECTIVE Workshop*

This workshop is a compilation of many topics, of interest, submitted by our traffic signal technicians certificate program participants. You will learn about traffic and crash trends in Connecticut, the latest in traffic signal technologies, and examples of how new technologies are being utilized in City and CTDOT projects. In the afternoon, we will hold a Traffic Signal Hot Topics roundtable discussion. Will be an exciting day. Don't Miss it!

Who Should Attend

Traffic Signal professionals, or those responsible for signal operations, from municipal and state agencies are encouraged to attend.

Course Instructors

Melissa Evans, Safety Circuit Rider—University of Connecticut

Stephen Frycz, Traffic Signal Supervisor —City of Stamford

John Lockaby, Transportation Supervising Engineer — CT Department of Transportation

Marissa Tarallo, Vice President of Traffic & Transportation — AKRF

Dates & Location

October 26, 2022
Cheshire, CT

Session is 8:30am—3:30pm
(Registration begins at 8:00am)
Lunch will be provided.

Please note: These are socially distant sessions. All state and university COVID-19 precautions will be followed.

Learning Objectives

Upon completion of this class, participants will be able to:

- Learn about traffic trends and the state of fatalities and injuries in CT.
- Understand more about emerging traffic signal technologies, including adaptive signal control.
- Learn about traffic signal technologies being implemented in the City of Stamford.
- Learn how CT DOT is utilizing innovative signal technologies in their highway projects.
- Participate in a Hot Topics Roundtable Discussion on Traffic Signal topics.
