## Training and Events

### Operational Safety and Basic Electricity

A CT Traffic Signal Technician Certificate Program  
Level I *REQUIRED Workshop*

This workshop is designed to provide an overview of the hazards of working with electricity and those specific to maintaining and installing traffic signal equipment.

#### Who Should Attend

New traffic signal technicians, those interested in becoming traffic signal technicians, and anyone interested in learning how to work safely inside and outside the cabinet at a signalized intersection.

#### Course Instructor

**Bill Eyberse** is the Lead Instructor of Signal 54 Training and has been teaching for the T2 Center since 2002. Bill has over 30 years of experience in transportation. He conducts training across the region on operational safety and winter maintenance topics.

#### Dates & Locations

**June 22, 2021**

Southbury, CT

**June 23, 2021**

Wethersfield, CT

Session is 8:30am—3:30pm  
**(Registration begins at 8:00am)**  
Lunch will NOT be provided, please bring a bag lunch.

**Please note: These are socially distant sessions. All state and university COVID-19 precautions will be followed.**

#### Learning Objectives

At the end of this session, participants will be able to:

- Understand work zone safety guidelines and standards.
- Understand basic electricity and how it applies to traffic signal equipment.
- Understand the hazards of working with electricity and those specific to maintaining and installing traffic signal equipment.

---
