## Training and Events

### Traffic Signal Maintenance

A CT Traffic Signal Technician Certificate Program  
Level II **REQUIRED** Workshop

This workshop is designed to provide an overview of traffic signal maintenance, including reactive maintenance, preventative maintenance, and response maintenance. Participants will learn the components of a successful preventative maintenance program, how to replace common components, and how to properly document maintenance activities.

### Who Should Attend

Traffic signal technicians, those interested in becoming traffic signal technicians, and other transportation professionals interested in gaining a better understanding of how traffic signals are constructed.

### Course Instructors

**Stephen Frycz**  
Traffic Maintenance Manager  
City of Stamford  
Department of Transportation, Traffic and Parking

**Andy Mastrogiannis**  
Project Manager  
The NY-Conn Corporation

### Date & Location

**March 15, 2022**  
New Milford, CT

**Snow Date: March 22, 2022**  
New Milford, CT

Session is 8:30am—3:30pm  
**(Registration begins at 8:00am)**  
Lunch will be provided

**Please note: This is a socially distant session. All state and university COVID-19 precautions will be followed.**

### Learning Objectives

At the end of this session, participants will be able to:

- Understand the difference between proactive and reactive maintenance.
- The importance of preventative maintenance.
- Replace various traffic signal components.
- Understand how to maintain an inventory of materials and supplies.

---
