Operational Safety and Basic Electricity

A CT Traffic Signal Technician Certificate Program Level I REQUIRED Workshop

This workshop is designed to provide an overview of the hazards of working with electricity and those specific to maintaining and installing traffic signal equipment.

Who Should Attend

New traffic signal technicians, those interested in becoming traffic signal technicians, and anyone interested in learning how to work safely inside and outside the cabinet at a signalized intersection.

Course Instructor

Bill Eyberse is the Lead Instructor of Signal 54 Training and has been teaching for the T2 Center since 2002. Bill has over 30 years of experience in transportation. He conducts training across the region on operational safety and winter maintenance topics.

Dates & Locations

June 22, 2021
